

**HAWAII PUBLISHERS  
ASSOCIATION**

Dear Colleague:

Mahalo for your interest in the Hawaii Publishers Association (HPA). The Hawaii Publishers Association has created a new Educational membership designed to benefit High Schools and Universities. Founded in 1964, HPA is an organization of newspaper, magazine, web-based publishers and other print media partners working together to achieve industry-wide goals that benefit both Hawaii's print media and its members. We believe that your contribution to our print media community would be invaluable.

As a member of HPA, you will influence state and county legislation that affects the publishing and printing industry. The HPA spearheads programs to advance excellence in journalism. Most notable are:

1. The Hawaii State High School Journalism Awards encourages students to produce and submit their best work. This annual event culminates with an awards luncheon with broad representation from throughout the state.
2. The annual Pa'i Awards acknowledge journalists and photographers whose work is judged as meeting the highest standards of print publishing. Only members can enter.

For only \$150 annually, compared to \$360 for regular membership, you receive:

- Networking opportunities with print publishers statewide. Every prominent newspaper and magazine publishing company in Hawaii is a member of HPA.
- An invitation to attend all HPA functions including our regular Newsmaker luncheons, which feature speakers of interest to the print publishing and related industries.

Educational membership entitles you to participate in these functions and have full voting privileges. Membership adds your voice for the betterment of the industry. We support the members who support us.

Please remit the enclosed application and your check made out to Hawaii Publishers Association to the address below. Thank you and we look forward to seeing you at an upcoming event.

Sincerely,

Ron Nagasawa  
HPA President
